- ACV based coverage for all classes
- Replacement Cost Coverage not available under this program
- Dryden will not cover cell phones, Ipods, MP3s, and all similar handhelds, domestic animals or reptiles
- Classification pages attached: “ R “ next to a class means pricing is regulated by URB otherwise Dryden uses its own rates for underwriting and pricing of any particular item, collection, grouping, listing or schedule
- Supporting business is required to write livestock coverage, bailees coverage and short-term lease of equipment. This support can include any other Dryden Property Policy or Dryden Inland Marine Policy.
- Household Property for individuals in a self-storage unit is covered under a commercial fire, contents only, policy. Contact a commercial underwriter with any requests for this coverage
- No stand alone Exhibition Floaters. Dryden writes a Vendor’s policy and gives business property off premises coverage to address this exposure
- Dryden cannot write Commercial Fine Arts MR-85, or Commercial Valuable Papers MR-86 unsupported because URB rating requires the rates for these classes be based off the applicable underlying business property rates
